ANNUAL
PRODUCTION SALE

APRIL 8, 2025

FOWLER, CO - 7:00 PM MDT

AUCTION LIVE ONLINE

CCI
LIVE **LiveONLINE™**

Welcome To **WELCOME TO**

Peak View Ranch's **3rd Annual Production Sale.**

The most important attribute of Peak View Ranch is our cow herd. Our mature cow herd receives no hay or grain year-round. They calve completely unassisted and never see a barn. Each cow produces a calf annually that is docile, grows rapidly, and can perform in the feedlot. They are expected to work for the rancher. This reflects the same environment our sale bulls will go into and produce daughters to excel in.

Our selection process has included balanced trait selection for optimal, not extreme, calving ease, growth and marbling to create the most value in feeder and fat cattle. Visual appraisal is involved in all aspects of cattle marketing and profitability. We have participated in national shows including winning champion honors at the Northern International Livestock Exposition, Cattleman's Congress, and National Western Stock Show. If you have tried exhibiting performance-oriented cattle from other operations, try Peak View genetics for a new competitive advantage. If pounds, profitability and low input management are your priority, let these maternally backed ranch raised range ready bulls put more dollars in your pocket.

Please join us on April 5th at the ranch open house for an educational seminar, preview of the sale cattle and lunch.

Then join us April 8th on CCI LiveOnline for the sale at 7:00 PM MDT.

Sincerely,
The Leone Family
Peak View Ranch

Rick, Trish, Gabri & Val Leone

Red Shorthorn bulls bred to red cows produce red calves, red Shorthorn bulls bred to black cows produce black calves.

Shorthorns improve docility, fertility and cutability.

Shorthorns offer more heterosis when bred to black cows than Angus or red Angus. That extra heterosis provides up to 23% more pounds at weaning.

British breed cattle such as Shorthorn or Red Angus improve marbling and that can produce extra premiums on the grid when selling fat cattle.

Feeder cattle with a known history of carcass quality demand a premium when marketed.

Red cattle are considered to be more heat tolerant and are the most prominent color world wide.

Only Junior heifers selling in Peak View Ranches production sale are eligible for the futurity class at the Colorado State Fair. Champion futurity heifer earns a 250 dollar cash premium.

Lot 1 is out of SULL Maxed Knight, a previous Junior National Champion. His sire was named Reserve Champion Shorthorn Bull in Fort Worth as a calf. He comes by his quality honestly. In addition, he is fundamentally sound for modern beef production and is packed with real world performance. He won his division in Denver and again in Fort Worth. He can play a significant role in improving performance and eye appeal for his new owners.

Sire - LEM Stockyard 2001

We were fortunate to increase our Red Angus influence with the purchase of an incredible set of bred heifers all AI bred to Stockyard. He is one of ABS's leading calving ease, growth and carcass value bulls. The 2 year olds that produced the next 7 bulls are purebred Red Angus females from a commercially managed, intensely performance selected herd. These bulls are all extreme calving ease and deserve strong consideration if you are looking for bulls to breed heifers of any breed. They are also very quiet dispositioned bulls and easy to be around.

Red Angus Influence

Dam
CF Mona Lisa 0119 TP X ET

The Mona Lisa Reward cow line has been so productive for Cates. This heifer's dam is establishing herself as a leading donor already producing the Colorado State Fair Champion Junior Shorthorn Female last year. This heifer's sire was Reserve Champion Shorthorn Bull in Fort worth 2 years ago. She is ready to go for her new owner. A futurity class has been established at the Colorado State Fair and only these three heifers are eligible to compete with the winner earning a 250 dollar cash premium.

TERMS OF SALE

Announcements: Any changes of information contained in a sale catalog will be announced from the auction block and such announcements shall take precedence over any printed material. **Bidding:** Each animal will be sold to the highest bidder without reservation. The auctioneer will settle any bidding disputes His/her decision on such matters will be final. **Terms:** Terms of sale are cash unless credit arrangements are made between buyer and seller prior to sale. **Purchaser's Risk:** Each animal becomes the property of the buyer as soon as sold, unless other arrangements are made prior to the sale. **Certificates of Registry-Transfers:** A certificate of registry and transfer will be furnished for each animal sold. It shall be the responsibility of the seller and/or sale manager to submit the properly prepared transfer application promptly to the American Shorthorn Association.
